

1 Suicide Rates by Gender, Income Level, and Region (2000, 2009, 2019)

The following table presents a detailed analysis of suicide rates from the WHO dataset¹ for the years 2000, 2009, and 2019, divided by gender (men, women) and the total population. The central focus is on the categorization of countries according to their income level (Lower, Upper, or High-Income Economy) and their geographical region. (Americas, Africa, Eastern Mediterranean, Europe, South-East Asia, Western Pacific). These assignments can be found in the two lines below the highlighted country name in the same column.
